SPIKE

Exciting, 2-player action is the KEEnote to this video game! The ball goes over the net. Your SPIKE man jumps — *instantly* — to block the shot, and send it back to your opponent's goal!

Great fun to play! A unique engineering breakthrough allows the ball to follow gravity by *curving* over the net! Just like real volleyball! Parabolic movement and quick action "SPIKE" it's guaranteed to keep you playing.
